## WELCOME TO CAMBRIDGE PHILIPPINES

At **Cambridge Philippines**, we believe that education is a partnership between parents, students, and educators. Together, we can create a nurturing and stimulating environment where every child can thrive and reach their full potential.

We value your involvement and encourage you to actively participate in your child's education journey. We understand that each child is unique, with individual strengths, interests, and challenges.

Our dedicated team of experienced teachers and staff are committed to providing high-quality education that fosters academic excellence, character development, and personal growth.

We have carefully designed our curriculum to align with the latest technology and international standards in education while nurturing critical thinking, creativity, and a love for learning.

As we navigate the new school year, let us foster an atmosphere of respect, understanding, and kindness.

Let's make this a successful and memorable year filled with growth, achievements, and wonderful experiences.

Sincerely,

**Cambridge Philippines**

## INNOVATIVE CREATORS THROUGH iSTEAM

None of us could have foreseen that smartphones would change our way of life. Many of today's careers did not exist 10 years ago. Professions in Social Media, Nanotechnology, Cyber Security, Green Technology, and Cloud Computing only developed in recent years.

Our PBEM x iSTEAM curriculum further explores diverse topics under Science, Technology, Engineering, Arts, and Math through experiential learning and real-world problem solving by means of creative solutions.

iSTEAM embraces the philosophy of “thinking with hands” and consists of hands-on inquiry and open-ended exploration of interesting topics in fun and age-appropriate ways to prepare your child for future success.

OPEN FUTURE  
DOORS  
OF OPPORTUNITIES

## PROGRAM OFFERINGS

Our preschool programs are designed to meet the developmental needs of each child. We provide concrete and interactive learning experiences that are purposefully connected to real-life experience. Our curriculum takes into account individual interests, abilities, and cultural backgrounds, ensuring a personalized approach to education.

Drawing on advanced educational research theories, including Multiple Intelligences, Ecological Systems, Vygotskian Framework, and Montessori Methods, we promote inclusive learning through discovery, exploration, project-based work, and hands-on activities.

### PRE TODDLER

10 months old to 1.5 years old  
Classes are twice a week

### TODDLER

1.6 to 2.5 years old  
3x or 5x per week, 2 hours per day

### JUNIOR NURSERY

2.6 to 3.11 years old  
5x per week, 3 hours per day

### SENIOR NURSERY

4 to 4.11 years old  
5x per week, 3 hours per day

### KINDER

5 to 6 years old  
5x per week, 3 hours per day

### ENRICHMENT PROGRAMS

Selected Cambridge centres offer

- Mandarin
- Reading Lab
- Arts
- Movement & Fitness

Innovation • Science • Technology • Engineering • Arts • Mathematics

## THE CAMBRIDGE ROUTINE

### **INDIVIDUALIZED INSTRUCTION: 30 – 45 MINUTES**

A small group class that focuses on skills, particularly MATH, READING, LANGUAGE, WRITING, FINE MOTOR, and PRACTICAL LIFE SKILLS.

### **CIRCLE TIME: 15 – 20 MINUTES**

Circle time develops the social and language skills of the students through morning greetings, singing and dancing of nursery rhymes and songs.

### **PBEM X ISTEAM: 30 – 45 MINUTES**

Students are given a specific theme/ topic every term. The students create a project based on their discussions, research, experiments and fieldwork during this period.

### **PLAY TIME: 15 – 20 MINUTES**

Students are given the time to play to help develop their gross motor and socialization skills.

### **SNACK TIME: 10 – 20 MINUTES**

During snack time, the students are encouraged to be independent as they set up their tables, serve food and drinks, eat on their own, and pack away after.

### **GROOMING TIME: 10 – 15 MINUTES**

During Grooming Time, the students are taught self help skills such as brushing their teeth, dressing and undressing, packing away, and folding clothes.

### **STORY TIME AND DISMISSAL: 10 – 15 MINUTES**

During this period, the students are encouraged to read stories independently and as a group. This can help improve the students' reading and speaking skills.

## TERM TOPICS

<p><b>Term 1</b></p>  <p><b>ALL ABOUT ME</b> Five Senses</p> <p><b>Sensational Explorers:</b> A Journey Through Our Senses</p>	<p><b>Term 2</b></p>  <p><b>OUR COMMUNITY HELPERS</b></p> <p><b>Our Community Helpers:</b> Everyday Superheroes!</p>	<p><b>Term 3</b></p>  <p><b>WEATHER</b></p> <p><b>Whirling Weather Adventures:</b> Exploring Our Seasons and Weather!</p>	<p><b>Term 4</b></p>  <p><b>OUR BELOVED PHILIPPINES</b></p> <p><b>Proud to be Pinoy:</b> Discovering Our Beloved Philippines!</p>
---	---	---	--

For children in the TODDLER to JUNIOR NURSERY age group, iSTEAM is integrated into their daily experiences through hands-on activities that are suitable for their development stage and connected to their environment. By leveraging your child's natural curiosity and fascination with the world, they will have chances to explore, question, learn, and creatively problem-solve in small but meaningful ways. This lays the groundwork for their transition into the iSTEAM curriculum at SENIOR NURSERY and KINDER

## JUNIOR NURSERY

<p><b>Term 1</b></p>  <p><b>LIVING THINGS</b></p> <p><b>Discovering Our World:</b> Living and Non-Living Wonders</p>	<p><b>Term 2</b></p>  <p><b>SOUND AND MUSIC</b></p> <p><b>Sensational Sounds:</b> Exploring the World of Noises</p>	<p><b>Term 3</b></p>  <p><b>LIGHT FORMS</b></p> <p><b>Glowing Wonders:</b> Exploring Sources of Light</p>	<p><b>Term 4</b></p>  <p><b>BASIC STRUCTURES</b></p> <p><b>Shape Detectives:</b> Exploring the World of Shapes!</p>
---	--	---	--

## TERM TOPICS

### SENIOR NURSERY

<p><b>Term 1</b></p>  <p><b>STRUCTURES</b></p> <p><b>Building Blocks of Our World:</b> Exploring the Role of Structures!</p>	<p><b>Term 2</b></p>  <p><b>SIMPLE AND COMPOUND MACHINES</b></p> <p><b>Mechanical Marvels:</b> Exploring Simple and Compound Machines for an Easier Life!</p>	<p><b>Term 3</b></p>  <p><b>AERODYNAMICS</b></p> <p><b>Air in Motion:</b> Exploring the Impact of Aerodynamics!</p>	<p><b>Term 4</b></p>  <p><b>CODING AND ROBOTICS</b></p> <p><b>Coding Adventures:</b> Exploring Robotics and Practical Applications!</p>
---	--	---	--

When your child reaches the Senior Nursery and Kinder stages, they will have developed the necessary cognitive abilities to handle more challenging tasks. Our iSTEAM curriculum facilitates their exploration, creativity, critical thinking, experimentation, and collaboration with classmates, allowing them to engage in larger projects that demand advanced cognitive skills.

### KINDER

<p><b>Term 1</b></p>  <p><b>LIVING THINGS</b></p> <p><b>The Wonders of Life's Blueprint:</b> Exploring DNA and Living Things!</p>	<p><b>Term 2</b></p>  <p><b>SUSTAINABILITY</b></p> <p><b>Nature Guardians:</b> Discovering the Importance of Conserving Our Resources!</p>	<p><b>Term 3</b></p>  <p><b>CODING AND ROBOTICS</b></p> <p><b>RoboCoders:</b> Programming and Following Instructions with our Robot Friends!</p>	<p><b>Term 4</b></p>  <p><b>ELECTRICAL CIRCUITS</b></p> <p><b>Sparkling Circuits:</b> Exploring the World of Electricity!</p>

## ENROLLMENT PROCESS

### SCHEDULE A FREE 3-DAY TRIAL / ASSESSMENT

Schedule a trial class with the directress of your preferred centre. Schedules are on a first confirm - first serve basis for slots are limited.

### JOIN THE TRIAL CLASS

After the free 3-day trial, the teacher will discuss the observations during the trial and how Cambridge Philippines can further enhance your child's learning experience.

### ENROLLMENT REQUIREMENT

The following will be sent by the directress:

- ✓ Enrollment Form
- ✓ Tuition Fee Agreement Form
- ✓ Fetcher's card
- ✓ Bank Details
- ✓ Amount to Pay

### RETURN THE FOLLOWING

- ✓ Accomplished Forms
- ✓ Birth Certificate
- ✓ Immunization Records
- ✓ Proof of Payment

### PAYMENT VERIFICATION

Once payment has been verified, you will receive an Official Receipt.

## HEALTH AND SAFETY PROTOCOLS

We've been hard at work putting new protective measures in place to safeguard your precious ones. While the Department of Education and IATF have mandated that all pre-schools implement safety measures that adhere to the minimum health protocols, we have gone above and beyond to provide additional protection for your child.

### UV CARE

Even before the pandemic, all Cambridge Centres use Ultra Violet Light technology to effectively kill 99.9% of harmful bacteria, viruses, germs, allergens and molds.

### HEPA FILTER / AIR PURIFIER & HUMIDIFIER

We installed Hepa Filters in every air conditioning unit. It removes dust, pollen, bacteria, and other airborne particles that may be harmful to the health of children and teachers.

### NON-CONTACT THERMAL SCANNER

Cambridge Philippines has implemented a non-contact thermal scanner at the centre's entrance, which has been a standard practice even prior to the pandemic. This proactive measure ensures the continuous monitoring of children's temperatures upon arrival and during classes. A portable thermal scanner is readily available for use as needed, further prioritizing the health and well-being of all individuals within the center.

### HAND WASHING

The washing area at the center is conveniently situated near the entrance, allowing children to promptly wash their hands upon arrival. This ensures proper hygiene and cleanliness before entering the center.

**All Cambridge employees and teaching staff are fully vaccinated and boosted!**
